

ASTM STANDARD B 370 – STANDARD SPECIFICATIONS FOR COPPER SHEET
AND STRIP FOR BUILDING CONSTRUCTION

SIDE BY SIDE COMPARISON OF STANDARDS ASTM B 370-1998 AND ASTM B
370-2003

In Section 4.1.3, the definition for “lengths” was removed. Also a new Note 2 was added.

In Section 8.1, the descriptions for the copper classifications were modified. Also, a Note 4 and 5 were added.

All other changes throughout the standard are only minor editorial or grammatical changes.
